

Same platform. Simplified purchasing.

Integrations matter. And when you go with the fully integrated ePurchasing solution between Cardinal Health and Brightree, you get all the power and efficiency of this purchasing integration with the ease of use of remaining in the Brightree platform. And so much more.

In fact, Cardinal Health has the most robust integration available with Brightree, automating your workflows to **save time, reduce costs and increase revenue.** Together, we pick, pack and ship, so you can invest more time in your business.

Here's what you'll be able to do:

- Access our extensive portfolio of both national brand and Cardinal Health brand products to meet the unique needs of your patients.
- View supplier catalogs, item availability and pricing in real time. And as a Cardinal Health customer, we link your items in Brightree at no additional cost to you. Please reach out to your Cardinal Health sales representative to discuss.
- Securely provide Cardinal Health with access to additional information required for certain types of orders. This data is only shared for those patients whom you've placed a drop-ship order for with Cardinal Health.
- Improve care with specialized distribution centers that provide home delivery in 1-2 business days for 99% of all products used by the U.S. population.
- Receive automatic confirmations including delivery tracking. If you also have Brightree Document Management, Cardinal Health can push PDF proof of delivery documents to you.

In addition, you have the option of using Cardinal Health's cloud-based analytics solution, GrowthEssentials™, to provide actionable insights that help you optimize revenue growth and enhance patient relationships.

Purchasing doesn't have to be so complicated. We help you simplify it.
